

Download Diamonds And Diplomats

"Diamond" comes from the Greek "adamao": "I tame" or "I subdue." The adjective "adamas" was used to describe the hardest substance known, and eventually became synonymous with diamond. Knowledge ...Bee Bijoux has joined the annual charity shopping event by the Thai Red Cross Society and spouses of diplomats in Thailand. The event featured booths of international products from more than 55 countries, as well as selected outstanding Thai products, such as jewelry from Bee Bijoux. Guests - diplomats, local business leaders and the cream of Fijian society - gathered for the champagne reception ahead of the state dinner at the hotel where the royal couple are staying during ...Hardness: Diamonds in general, including the Hope Diamond, are considered to be the hardest natural mineral on the Earth, but because of diamond's crystalline structure, there are weak planes in the bonds which permit jewelers to slice a diamond and, in so doing, to cause it to sparkle by refracting light in different ways.; History Geological beginnings - Diamonds And Diplomats
