Thomas Kuhn coined the modern definition of the word "paradigm" in *The Structure of Scientific Revolutions*, published in 1962. A paradigm, according to Kuhn's definition, is a conceptual model that explains a set of scientific observations, which creates a framework to fit the observations. Can Women be Pastors? A question came up last night between my fiance and myself about 1 Corinthians 14:34-35. This is from the New American Standard: "Let the women keep silent in the churches, for they are not permitted to speak. This appendix, which is a collection of clinical practice guidelines and related materials, 2 has three main purposes. First, for readers not familiar with guidelines, it presents samples that may make the text of this report more concrete. Second, it illustrates how guidelines can differ.
