MT103/23 . "Field 23 - Instruction Code" is where the remitting bank (at the request of the remitter) puts in a simple code instructing the beneficiary's bank how to effect the payment, such as ...Generator Olympian D100p1 Manual Low hour olympian d100p1 100kw diesel generator set, olympian d100p1 100kw diesel generator set item 04909 new, used, rebuilt, and rental generator setsSWIFT Standards Category 1 Customer Payments & Cheques November 2002 Standards ReleaseHi Simon, I'm inclined to agree. I think there are two major forces driving us towards this sort of outcome. 1) the "average" user is likely to trust a reassuring brand more than themselves to manage their wallet, driving a move to a bank-like "safekeeping" business model and 2) the blockchain may not be the best vehicle for micro-payments. - Swift Mt103 User Manual
